HYDRAFACIAL MD™

MICRODERMABRASION WITH A BOOST

Allow 60 minutes

A highly effective exfoliating facial treatment and a Vamp Team favourite, HydraFacial MD uses a patented vortex delivery system to deeply cleanse, exfoliate, vacuum extract impurities and hydrate the skin through infusion of hyaluronic acid, antioxidants & botanical extracts, for a glowing complexion.

- **USED TO TREAT:** Enlarged and congested pores, blackheads, dry skin, uneven skin texture. The ideal prep treatment before more intensive laser skin treatments.

HydraFacial Boost

199

7.5% Glycolic exfoliation, suitable for all skin types, first time treatment.

HydraFacial

209

Brightening Boost

15% Glycolic exfoliation, suitable for all skin types, for next level exfoliation.

HydraFacial

229

Extreme Boost

30% Glycolic exfoliation, suitable for oily/congested, rough, thicker skin, for deeper chemical exfoliation (ideal for male skin types).

Purple Aggression

239

HydraFacial

7.5%, 15% or 30% Glycolic exfoliation, suitable for oily/congested, rough, thicker skin, for deeper **mechanical** exfoliation (ideal for male skin types).

Optimise your treatment with one of our popular facial upgrades

(see page 24 for more details)

MICRONEEDLING FACIAL

Allow 60-90 minutes

A minimally invasive facial treatment involving the use of fine needles to create micro-injuries in the skin for infusion of hyaluronic acid. As the micro injuries heal, collagen & elastin are stimulated for improved skin tone, texture and hydration.

USED TO TREAT: Fine lines, uneven skin texture, thinning skin.

395 treatment upgrade +

DERMAPLANING FACIAL

Allow 60 minutes

A specialised blade is used to deeply exfoliate skin cells and treat vellous hair or 'peach fuzz' for brighter smoother skin. The treatment includes a soothing fruit enzyme mask followed by elixir oil and application of a tinted SPF 50+ to smooth & protect the skin. Your skin will be softer, smoother and brighter in appearance.

USED TO TREAT: Uneven skin texture and tone, vellous hair, enlarged pores.

149 treatment upgrades + +

PETITE LASER FACIAL PICOWAY LASER BY CANDELA MEDICAL

Allow 60 minutes

A mini version of our popular PicoWay skin rejuvenation treatment, this facial improves the appearance of pores, smooths skin texture and keeps pigment at bay, all in the same treatment. This laser facial is gentle enough not to require topical numbing cream but powerful enough for you to see results. It's perfect for those wanting to try laser skin rejuvenation for the first time or as a maintenance treatment following a course of more intensive laser skin rejuvenation.

USED TO TREAT: Enlarged pores, uneven skin texture, skin clarity, mild pigmentation, maintenance treatment following intensive laser skin rejuvenation.

SKIN PEELS

We offer a range of skin peels from Synergie Skin and Dermaceutic Laboratoire.

ENZYME HYDROPEEL

Allow 45 minutes

The perfect entry level peel for all skin types. A blend of papaya enzyme and 15% lactic acid will stimulate cellular renewal and leave the skin looking soft, plump and hydrated and with a dewy glow.

USED TO TREAT: Dehydration, pigmentation, oily skin, enlarged pores, congestion.

105 treatment upgrades 

SALICYLIC PEEL

Allow 45 mins

Ideal for acne prone skin, the salicylic peel provides a deep, thorough cleansing of congested pores. With powerful anti-inflammatory properties, salicylic acid effectively calms sore red skin and helps manage any further flare ups.

USED TO TREAT: Acne prone skin, enlarged pores, blackheads. Expect minimal skin flaking at higher concentrations. Available in 5-30% concentration.

A course of 3-6 treatments is recommended for best results.

110 treatment upgrade 

LACTIC PEEL

Allow 45 mins

A highly active yet gentle exfoliating treatment that amplifies the skins natural moisture properties and inhibits pigment production to achieve firmer, hydrated, glowing skin.

USED TO TREAT: Uneven skin texture, dry skin, sun damage, pigmentation. Expect skin flaking at higher concentrations. Available in 10-60% concentration.

120 treatment upgrade 

RETINOL ENZYME PEEL

Allow 45 minutes

A reparative exfoliant harnessing the potent efficacy of retinol and enzymatic technology. Formulated with a blend of stabilised retinol and fruit enzymes, this mask is designed to resurface the skin and reset cellular function.

USED TO TREAT: Dull skin, uneven skin texture, sun damage, pigmentation, uneven skin tone. Expect minimal skin flaking.

A course of 3-6 treatments is recommended for best results.

145 treatment upgrade 

SKIN PEELS

MODIFIED JESSNER PEEL

Allow 45 minutes

A powerful combination of lactic, salicylic, kojic acids and other peeling agents, this signature peel will purify and decongest while exerting potent rejuvenating effects. It's ideal for acne prone and congested skin as well as combination skin.

USED TO TREAT: Acne prone skin, congestion, enlarged pores, blackheads, uneven skin texture, sun damage, pigmentation. Expected skin flaking and minor peeling.

160 treatment upgrade +

MILK PEEL

Allow 45 minutes

The ultimate brightening treatment for a more luminous, even complexion. A combination of glycolic acid, lactic acid and salicylic acid work synergistically to treat dull, tired skin. Perfect for those with enlarged pores and skin in need of hydration.

USED TO TREAT: Dull skin, enlarged pores, congestion, uneven skin texture, dry skin. Expect minimal skin flaking.

180 treatment upgrade +

COSMO PEEL – TCA

Allow 45 minutes

A combination of TCA, salicylic acid, citric acid, vitamin A & vitamin C are used to induce a superficial chemical exfoliation of the skin to treat uneven skin texture.

USED TO TREAT: Pigmentation, fine lines, uneven skin texture, sun damage. Expect significant skin flaking and peeling at higher concentrations for 5-10 days. Available in 15%, 18% or 20% concentrations.

195 treatment upgrade +

COSMO PEEL FORTE – TCA

Allow 60 minutes

A powerful combination of glycolic acid, TCA and phenol is used to induce a medium chemical exfoliation of the skin to treat advanced signs of ageing in a single treatment.

Expect significant skin peeling for 7-14 days.

- **USED TO TREAT: Deeper lines and wrinkles, advanced pigmentation, uneven skin texture, sun damage.**

495

treatment upgrade 

MELA PEEL FORTE

Allow 60 minutes

A powerful combination of kojic acid, retinol, phytic acid, lactic acid and more are used to treat skin discolouration and unwanted pigment. Often used in combination with laser skin treatments in a cyclic course for best results.

Expect moderate skin flaking for 5-10 days.

- **USED TO TREAT: Advanced pigmentation, epidermal melasma, uneven skin tone and texture.**

A course of 3 treatments is recommended for best results.

LED LIGHT THERAPY

Allow 45 minutes

DERMALUX TRI WAVE

A non-invasive light treatment for radiant, clearer skin. A standalone treatment or integrated into a skin care plan to enhance and accelerate results. Used to treat acne prone, dehydrated or lack lustre skin, or to calm and heal following laser treatments.

Treatment starts with a deep cleanse followed by application of red, blue or infrared LED light for 30 minutes and a relaxing massage.

USED TO TREAT: Relaxation, acne prone skin, improves skin hydration and clarity, boosts collagen and elastin, calms the skin following laser skin treatments, general well being.

FACIAL ENHANCEMENT UPGRADES

For the ultimate in rejuvenation + relaxation, add a facial enhancement to any of our facial and laser facial treatments. Look for the coded dots to see suggested upgrades.

 CALM 45

Allow additional 20 minutes

A high-performance mask to rebuild the barrier proteins and boost skin immunity. This luxurious restorative treatment is brimming with a fusion of probiotics, vitamin B3, anti-inflammatories and antioxidants. The ultimate treatment mask for sensitive skin.

 HYDRATION 55

Allow additional 30 minutes

Synergie Skin Bioalginate Mask. A firming and hydrating treatment to replenish water and oil content in dehydrated skin. The mask sets & peels off, infusing hydration & essential vitamins into the deeper layers of the skin.

 CLEAR + RESTORE 45

Allow additional 20 minutes

A pore refining, clarifying mineral/antioxidant mask to target oily, congested and acne prone skin. A blend of volcanic zeolite and bentonite clay to neutralise free radical damage and extract pollutants for a deep-pore clean.

 LED LIGHT THERAPY 55

Allow additional 20 minutes

Promote better skin quality, healing and relaxation with post treatment LED phototherapy. Choose from red, blue or near infrared light.
