STIMULATORS

## COLLAGEN STIMULATORS

Innovative injectable treatments that, over time, stimulate collagen and elastin for improved skin volume, elasticity, and firmness. Collagen stimulators are ideal for ageing skin and are the treatment of choice for those seeking a more natural result. May be used to treat the face, décolletage, neck and hands.

At Vamp Cosmetic Clinic we offer the full range of TGA approved collagen stimulators available in Australia.

*Collagen stimulating injections are scheduled drugs and can only be injected by registered health professionals.*

**USED TO TREAT:** Crepey, thinning skin, volume loss, dehydrated and wrinkled skin of the face, neck, décolletage and hands.

TREATMENT	PER SYRINGE / VIAL	TYPICAL TREATMENT AREA
<b>TREATMENT A</b> (1.5ml syringe) 1-2 treatments typically required	1100	<b>Neck</b> (2-4 syringes in 1 treatment) \$1980 - \$3960  <b>Back of Hands</b> (1-2 syringes in 1 treatment) \$990 - \$1980
