## LASER HAIR REMOVAL

### GENTLE MAX PRO LASER BY CANDELA MEDICAL

We offer fast and effective laser hair removal for men and women using the powerful Gentle Max Pro Laser by Candela Medical. Suitable for light and darker skin types, treatment is faster and uses cryogen cooling for your comfort. Treatments are performed by our highly trained and experienced dermal therapists who understand laser technology and safety.

*An average of 8-10 treatments is recommended for best results.*

## VEIN LASER TREATMENT

GENTLE MAX PRO LASER BY CANDELA MEDICAL

A non-invasive laser treatment for spider veins for the face and body. A quick pulse of light and heat is delivered to the skin eliminating and sealing the visible part of the vein. Small or large areas of the body can be treated. The laser is fast, and cooling is used throughout treatment to minimise discomfort.

- **USED TO TREAT:** Spider veins on the face & body (telangiectasia or venulectasias) Not suitable for treatment of varicose veins.

*A course of 13 or more treatments is recommended for best results.*

# PICOWAY LASER SKIN REJUVENATION

## PICOWAY LASER BY CANDELA MEDICAL

Our most popular laser skin rejuvenation treatment, PicoWay uses advanced picosecond technology to treat pigmentation, fine lines, enlarged pores and diffuse redness all in the same treatment. The laser works in the deeper layers of the skin delivering a highly effective treatment with very little downtime.

PicoWay differs from IPL skin rejuvenation because it stimulates collagen and elastin as well as treating pigment and redness in the skin. The result is clearer, softer more youthful skin in less than a second.

- **USED TO TREAT:** Fine lines, enlarged pores, age related pigmentation, sun damage, skin texture, skin redness.

A course of 3-6 treatments is recommended for best results.

# FRAX PRO LASER SKIN REJUVENATION

BY CANDELA MEDICAL

FraxPro is an intensive fractionated laser resurfacing skin treatment for mild to moderate signs of external ageing. FraxPro laser is unique, offering two wavelengths to target the superficial & deeper layers of the skin, treating rough skin texture, superficial pigmentation, fine lines, and wrinkles delivering more balanced skin tone and refined skin texture. FraxPro is more intensive than other laser rejuvenation treatments with 7-10 days downtime. Make-up may be applied 48 hours following treatment.

**USED TO TREAT:** Rough skin texture, superficial pigmentation, uneven skin tone, fine lines, mild to moderate wrinkles & mild scarring.

*A course of 2 or more treatments is recommended for best results.*

## CO<sub>2</sub> LASER SKIN RESURFACING

### CO<sub>2</sub>RE LASER BY CANDELA MEDICAL

The treatment of choice for advanced signs of external ageing – deep wrinkles, age related pigmentation and skin laxity. CO<sub>2</sub> laser skin resurfacing is the 'gold standard' of laser skin rejuvenation.

CO<sub>2</sub> laser resurfacing is an intense laser treatment performed exclusively by our cosmetic doctors. The laser uses deep heat ablation to resurface the skin with impressive results in a single treatment. Corneal shields are inserted allowing the laser to rejuvenate the eyes. The downtime is 14 days and involves a strict post care regimen. You will see improvement in your skin after 7 days with continued improvement for up to 12 months after treatment, as new collagen and elastin are formed.

- **USED TO TREAT:** Deep wrinkles, skin laxity, extensive pigmentation and eye rejuvenation.

# SKIN TAG & MOLE REMOVAL

CO<sub>2</sub>RE LASER & GENTLE MAX PRO LASER BY CANDELA MEDICAL

Performed by our GPs and dermal therapists, this treatment uses a laser beam to precisely target and ablate unwanted (benign) moles and lesions. The laser is extremely fast, treating lesions in seconds in most cases. Laser treatment is superior to other forms of skin tag and mole removal with less risk of scarring.

No referral is required although if you have a referral from your GP, please bring it to your appointment. We do not perform formal skin checks. A skin check in the last 6 months is recommended (required if booking with dermal therapist). If on examination the mole or skin tag warrants further investigation and is not suitable for removal, we will refer you back to your usual GP or skin cancer doctor.

**USED TO TREAT:** Seborrheic keratoses, skin tags, naevi lentiginos, solar keratoses, xanthelasma, sebaceous hyperplasia, milia.

## DEEP SKIN NEEDLING

PROFOUND TREATMENT BY CANDELA MEDICAL

Profound

A revolutionary intensive skin needling treatment for the lower face, mid face & neck. Ideal for treatment of thin 'crepey' skin, mild to moderate wrinkles and skin texture. Local anaesthetic injections are used to numb the face and neck. Specialised needles are inserted deep into the skin tissue and heated to a precise temperature stimulating collagen, elastin and hyaluronic acid.

- **USED TO TREAT:** Mild scarring, skin texture and elasticity, moderate to severe wrinkles, thinning 'crepey' skin.

TREATMENT (SINGLE):

**\$3400**

*Treatment takes around 2-3 hours to perform.*

**Treatment pricing includes:**

- pre and post consultations
- local anaesthetic
- complimentary LED light therapy treatment valued at \$120
- cosmeceutical gift valued at over \$100

## MIRADRY

TREATMENT OF EXCESSIVE SWEATING  
(HYPERHYDROSIS) & ODOUR

**miraDry**  
A lasting solution for  
excessive underarm sweat

The miraDry® procedure uses non-invasive technology that is clinically proven to dramatically reduce underarm sweat AND odour with long lasting results. It is the only long term non invasive solution for excessive underarm sweating currently available.

A single treatment is recommended but a second treatment may be desired.

The miraDry® system delivers precisely controlled thermal (heat) energy to the region where the underarm sweat and odour glands reside and eliminates these glands non-invasively. You can expect to see sweat reduction immediately with downtime of 1-2 days.

- **USED TO TREAT:** Underarm (only) Hyperhidrosis

*Requires consultation with our miraDry therapist prior to proceeding with treatment.*

**CONSULTATION**

*complimentary*

**SINGLE TREATMENT**

**\$2600**
