VaMP

COSMETIC CLINIC

WELCOME TO VAMP

Led by Dr Jacob Alexander, we are a doctor-owned medical aesthetics clinic specialising in innovative nonsurgical cosmetic treatments.

We believe beauty is more than just the way you look; it's about preserving and restoring your sense of self and gaining confidence to enjoy every stage of your life. We have one of the largest ranges of aesthetic devices and nonsurgical treatments in the Hunter & Central Coast area.

We invest only in treatments with proven safety and efficacy profiles and believe in pushing the boundaries to achieve great results. We believe your experience is as important as your results. From the time you enter the clinic, you're greeted by our warm reception team in our luxurious architecturally designed space. Our doctors, nurses, and dermal therapists are here to guide you step by step through your treatment journey, ensuring your comfort and wellbeing every step of the way.

We look forward to your visit.

Our non-invasive laser treatment targets spider veins on both the face and body using a quick pulse of light and heat to seal and eliminate visible veins. Suitable for both small and large areas, this treatment is fast and effective. A cooling system is used throughout the session to minimise discomfort, ensuring a more comfortable experience and smoother results.

VEIN LASER TREATMENT

GENTLE MAX PRO LASER BY CANDELA MEDICAL

Used to Treat:
Spider veins on the face and body (telangiectasia or venulectasias) Not suitable for treatment of varicose veins.

Recommended Treatments: 1- 3 or more

Downtime: ●○○○○○○○○○

PICOWAY LASER SKIN REJUVENATION

BY CANDELA MEDICAL

Used to Treat:
Fine lines, enlarged pores, age related pigmentation, sun damage, skin texture, skin redness.

Recommended Treatments: 3 - 6 or more

Downtime: ●●●●○○○○○○

Discomfort: ●●●●○○○○○○

Treatment upgrades available (see page 35)

Our most popular laser skin rejuvenation treatment, PicoWay uses advanced picosecond technology to treat pigmentation, fine lines, enlarged pores and diffuse redness all in the same treatment. The laser works in the deeper layers of the skin delivering a highly effective treatment with very little downtime. PicoWay rejuvenation differs from IPL skin rejuvenation because it stimulates collagen and elastin as well as treating pigment and redness in the skin. The result is clearer, softer, more youthful skin in less than a second.

FRAX PRO LASER SKIN REJUVENATION

BY CANDELA MEDICAL

Used to Treat:
Rough skin texture, superficial pigmentation, uneven skin tone, fine lines, mild to moderate wrinkles & mild scarring.

Recommended Treatments: 2 or more

Downtime: ●●●●●●○○○○

Discomfort: ●●●●●●●○○○

Treatment upgrades available (see page 35)

FraxPro is an intensive fractionated laser resurfacing skin treatment for mild to moderate signs of external ageing. FraxPro laser is unique, offering two wavelengths to target the superficial and deeper layers of the skin, treating rough skin texture, superficial pigmentation, fine lines, and wrinkles, delivering more balanced skin tone and refined skin texture. FraxPro is more intensive than other laser rejuvenation treatments with 7-10 days downtime. Make-up may be applied 48 hours following treatment.

CO_2 LASER SKIN RESURFACING

CO_2RE LASER BY CANDELA MEDICAL

Used to Treat:
Deep wrinkles, skin laxity, extensive pigmentation and eye rejuvenation.

Recommended Treatments: 1 treatment only

Downtime: ●●●●●●●●●○

Discomfort: ●●●●●●●●●○

Treatment upgrades available (see page 35)

Our Deep CO_2 Laser Resurfacing is an advanced, fully ablative treatment designed to dramatically improve deep wrinkles, skin laxity, and age-related pigmentation.

Performed exclusively by Dr Jacob Alexander — nationally recognised and awarded for his excellence in CO_2 laser resurfacing — this gold-standard procedure delivers transformative, long-lasting results by powerfully stimulating collagen renewal and skin tightening.

Unlike other lasers, this treatment can safely rejuvenate the delicate eye area (including the eyelids) using specialised ocular protection — restoring a refreshed, youthful appearance.

Visible improvements typically begin from two weeks post-treatment, with continued collagen production enhancing firmness and texture over the following 3–6 months. With good skincare and daily sun protection, results can last five years or more. Expect approximately 14 days of recovery before returning to normal activities.

PRICING	SINGLE
CONSULTATION WITH DOCTOR	*complimentary*
FULL FACE	6000
NECK + DÉCOLLETAGE	*On Consultation*

Treatment pricing includes:

- Pre and post consultations with your Doctor
- Post treatment care pack
- Complimentary LED light therapy treatment valued at $120
- Cosmeceutical gift valued at over $100

LIGHT CO_2 LASER SKIN RESURFACING

CO_2RE LASER BY CANDELA MEDICAL

Used to Treat:
Fine lines, mild wrinkles and age related changes in skin tone.

Recommended Treatments: 2 or more

Downtime: ●●●●●●●●○○

Discomfort: ●●●●●●●●○○

Treatment upgrades available (see page 35)

Our Light CO_2 Laser Resurfacing is a gentler, fractional version of our deep resurfacing treatment — ideal for those seeking smoother, more luminous skin with less downtime.

This treatment targets fine lines, uneven texture, pigmentation, and enlarged pores by delivering controlled micro-columns of laser energy into the skin, stimulating collagen renewal while leaving surrounding tissue intact for faster healing.

Unlike the fully ablative CO_2 treatment, which addresses deeper wrinkles and laxity, the light version focuses on surface rejuvenation and overall skin quality improvement. Expect visible radiance and refinement within days, with around 5–7 days of mild recovery. Results are progressive, improving with each treatment and enhanced by consistent skincare and sun protection.

PRICING	SINGLE	2	3

LASER SKIN TAG & MOLE REMOVAL

C0^{2}RE LASER & GENTLE MAX PRO LASER BY CANDELA MEDICAL

Used to Treat:
Seborrheic keratoses, skin tags, naevi lentigines, solar keratoses, xanthelasma, sebaceous hyperplasia, milia.

Downtime: ●●●●●○○○○○

Discomfort: ●●●○○○○○○○

Performed by our GPs and dermal therapists, this treatment uses a laser beam to precisely target and ablate unwanted (benign) moles and lesions. The laser is extremely fast, treating lesions in seconds in most cases. Laser treatment is superior to other forms of skin tag and mole removal with less risk of scarring. No referral is required although if you have a referral from your GP, please bring it to your appointment.

We do not perform formal skin checks. A skin check in the last 6 months is recommended (required if booking with a dermal therapist). If on examination the mole or skin tag warrants further investigation and is not suitable for removal, we will refer you back to your usual GP or skin cancer doctor.

MIRADRY®

TREAT EXCESSIVE SWEATING (HYPERHYDROSIS) & ODOUR

The miraDry® procedure is a non-invasive, clinically proven treatment that permanently reduces excessive underarm sweat and odour.
Using precisely controlled thermal energy, miraDry® safely targets and eliminates sweat and odour glands — delivering immediate and lasting results without surgery or toxins. Most patients achieve a significant reduction after a single treatment, though some may benefit from a second session for optimal results.

Downtime is minimal, with most people resuming normal activities within 1–2 days.

Used to Treat:
Underarm (only) Hyperhydrosis

Recommended Treatments: 1- 2

02
LASER TATTOO REMOVAL

PICOWAY LASER TATTOO REMOVAL

BY CANDELA MEDICAL

The most advanced picosecond laser used to treat tattoos of all colours, the PicoWay shatters tattoo ink into miniscule particles, which are then cleared by the body's immune system. It's safe for darker skin types, and with less discomfort during and after treatment, tattoo removal sessions can be spaced closer together for more effective results in fewer treatments.

Why is PicoWay superior to other laser tattoo removal? PicoWay has the shortest pulses and the highest peak power of any tattoo removal laser. This means better ink clearance for all colours, while delivering less heat to the skin for reduced discomfort and faster healing. For best results, treatments are spaced 6–8 weeks apart.

Downtime: ●●●●●○○○○○

Discomfort: ●●●●●●●○○○

FREQUENTLY ASKED QUESTIONS

HOW MANY TREATMENTS WILL I NEED?

The effectiveness of laser tattoo removal is dependent on several variables such as the age of the tattoo, location, depth, size, and the type of ink used, among other factors. Consultations with our experienced therapists are complimentary. They will assess your tattoo and advise the number of treatments required for fading or complete removal.

WHAT IF I ONLY WANT TO FADE MY TATTOO?

Opt for one of our 'cover up' packages if you would like to refresh the ink in your tattoo or 'cover up' an existing tattoo.

WHAT IF I NEED MORE TREATMENTS?

Don't pay full price. Prepay your recommended package and if you need additional treatments, you can pay as you go and save 10% on PAYG prices.

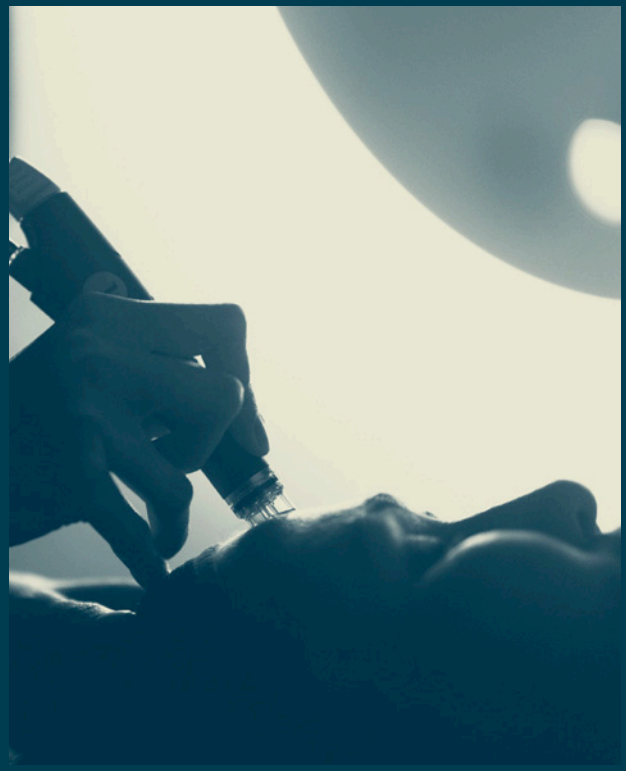
SKIN
TREATMENTS



HYDRAFACIAL MD

Used to Treat:
Enlarged and congested pores, blackheads, dry skin, uneven skin texture. The ideal prep treatment before more intensive laser skin treatments.

Treatment Time: 45 minutes

A highly effective exfoliating facial treatment and a Vamp Team favourite, HydraFacial MD uses a patented vortex delivery system to deeply cleanse, exfoliate, vacuum extract impurities, and hydrate the skin through infusion of hyaluronic acid, antioxidants, and botanical extracts for a glowing complexion.

TREATMENTS	PRICE
HYDRAFACIAL EXPRESS *Ideal for busy schedules, our HydraFacial® Express delivers all the deep cleansing, extraction, and hydration of the full treatment, with a lighter exfoliation — the décolletage massage is saved for the full treatment experience.*	220
HYDRAFACIAL BOOST *7.5% Glycolic exfoliation, suitable for all skin types, first time treatment*	290
HYDRAFACIAL BRIGHTENING BOOST *15% Glycolic exfoliation, suitable for all skin types, for next level exfoliation*	300
HYDRAFACIAL EXTREME BOOST *30% Glycolic exfoliation, suitable for oily / congested, rough, thicker skin, for deeper chemical exfoliation (ideal for male skin types)*	320

Treatment upgrades available (see page 35)

MICRONEEDLING FACIAL

A minimally invasive treatment using fine needles to create micro-channels in the skin while infusing hyaluronic acid for deep hydration. As the skin heals, collagen and elastin production is stimulated, improving tone, texture, and overall skin quality.

Used to Treat:
Fine lines, uneven skin texture, thinning skin.

Treatment Time: 60 minutes
Price: 395

Treatment upgrades available (see page 35)

DERMAPLANING FACIAL

A specialised blade is used to deeply exfoliate skin cells and treat vellus hair or 'peach fuzz' for brighter, smoother skin. The treatment includes a soothing fruit enzyme mask followed by elixir oil and application of a tinted SPF 50+ to smooth and protect the skin. Your skin will be softer, smoother, and brighter in appearance.

Used to Treat:
Uneven skin texture and tone, vellus hair, enlarged pores.

Treatment Time: 60 minutes

Price: 149

Treatment upgrades available (see page 35)

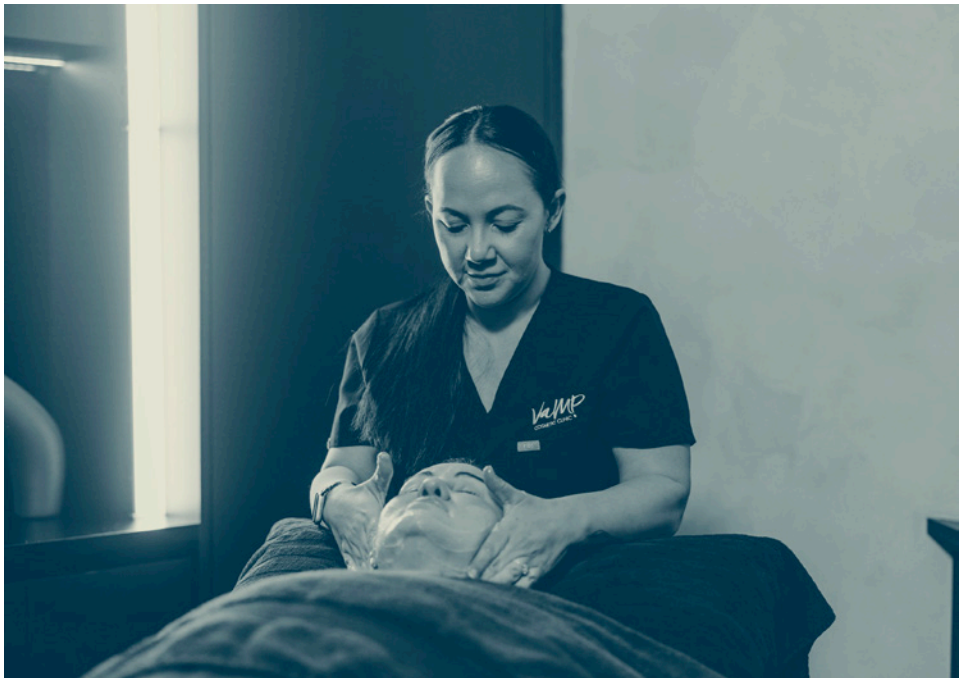
PETITE LASER FACIAL

A mini version of our popular PicoWay skin rejuvenation treatment, this facial improves the appearance of pores, smooths skin texture, and keeps pigment at bay, all in the same treatment. This laser facial is gentle enough not to require topical numbing cream but powerful enough to see results. It's perfect for those wanting to try laser skin rejuvenation for the first time or as a maintenance treatment following a course of more intensive laser skin rejuvenation.

Used to Treat:
Enlarged pores, uneven skin texture, skin clarity, mild pigmentation, maintenance treatment following intensive laser skin rejuvenation.

Downtime: ●●○○○○○○○○
Discomfort: ●●●○○○○○○○
Price: 389

Treatment Time: 45 minutes
Treatment upgrades available (see page 35)



MASK PEEL

For acne-prone skin. A calming, clay-based peel that treats acne, excess sebum, and dilated pores. A great introductory peel for congested skin.

Used to Treat:
Oily and acne-prone skin

Downtime: ○○○○○○○○○○
Discomfort: ○○○○○○○○○○

Treatment Time: 45 minutes
Price: 170

Treatment upgrades available (see page 35)

CRYSTAL PEEL

Deeply exfoliates to fade pigmentation, post-acne marks, and mild photoageing while improving pores and texture. Formulated with salicylic, mandelic, and citric acids for a clearer, smoother complexion.

Used to Treat:
Dull skin, enlarged pores, congestion, uneven skin texture, dry skin. Expect minimal skin flaking.

Downtime: ●●○○○○○○○○
Discomfort: ●●●○○○○○○○

Treatment Time: 45 minutes
Price: 225

Treatment upgrades available (see page 35)

MILK PEEL

A luminous, even-complexion treatment with glycolic, lactic, and salicylic acids targeting dullness, uneven texture, congestion, and dryness. Expect minimal flaking and refreshed, hydrated skin.

Used to Treat:
Dull skin, enlarged pores, congestion, uneven skin texture, dry skin.

Downtime: ○○○○○○○○○○
Discomfort: ●●○○○○○○○○

LED LIGHT THERAPY

DERMALUX TRI WAVE MD

Used to Treat:
Relaxation, acne prone skin, improves skin hydration and clarity, boosts collagen and elastin, calms the skin following laser skin treatments, general well being.

Full Treatment Time: 45 minutes
Price: 150

Add On Treatment Time: 20 minutes
Price: 55

Treatment upgrades available (see below)

A non-invasive light treatment that promotes clearer, more radiant skin. It can be a standalone treatment or combined with other therapies to boost and accelerate results. Ideal for acne-prone, dehydrated, or dull skin, and to calm and heal after laser treatments.

Treatment starts with a deep cleanse followed by red, blue, or infrared LED light and a relaxing massage.

FACIAL ENHANCEMENT UPGRADES

For the ultimate in rejuvenation + relaxation, add a facial enhancement to any of our facial and laser facial treatments. Look for the coded dots to see suggested upgrades.

CALM

A luxurious, high-performance mask designed to rebuild skin barrier proteins and boost skin immunity. Infused with probiotics, vitamin B3, antioxidants, and anti-inflammatories, it's the ultimate treatment for calming and restoring sensitive skin.

Treatment Time: 20 minutes
Price: +55

LED LIGHT THERAPY

A non-invasive light treatment that promotes clearer, more radiant skin. It can be a standalone treatment or combined with other therapies to boost and accelerate results. Ideal for acne-prone, dehydrated, or dull skin, and to calm and heal after laser treatments. Treatment starts with a deep cleanse followed by red, blue, or infrared LED light and a relaxing massage.

Treatment Time: 15 minutes
Price: +55

04
NON SURGICAL TREATMENTS

NON-SURGICAL TREATMENTS

Non-surgical treatments have become increasingly popular for refreshing and enhancing the face without surgery. These treatments smooth lines and wrinkles, improve skin quality, restore lost volume, and create natural contours in areas like the cheeks, jawline, and chin.

All procedures are performed by experienced doctors and registered nurses using only premium products with proven safety profiles.

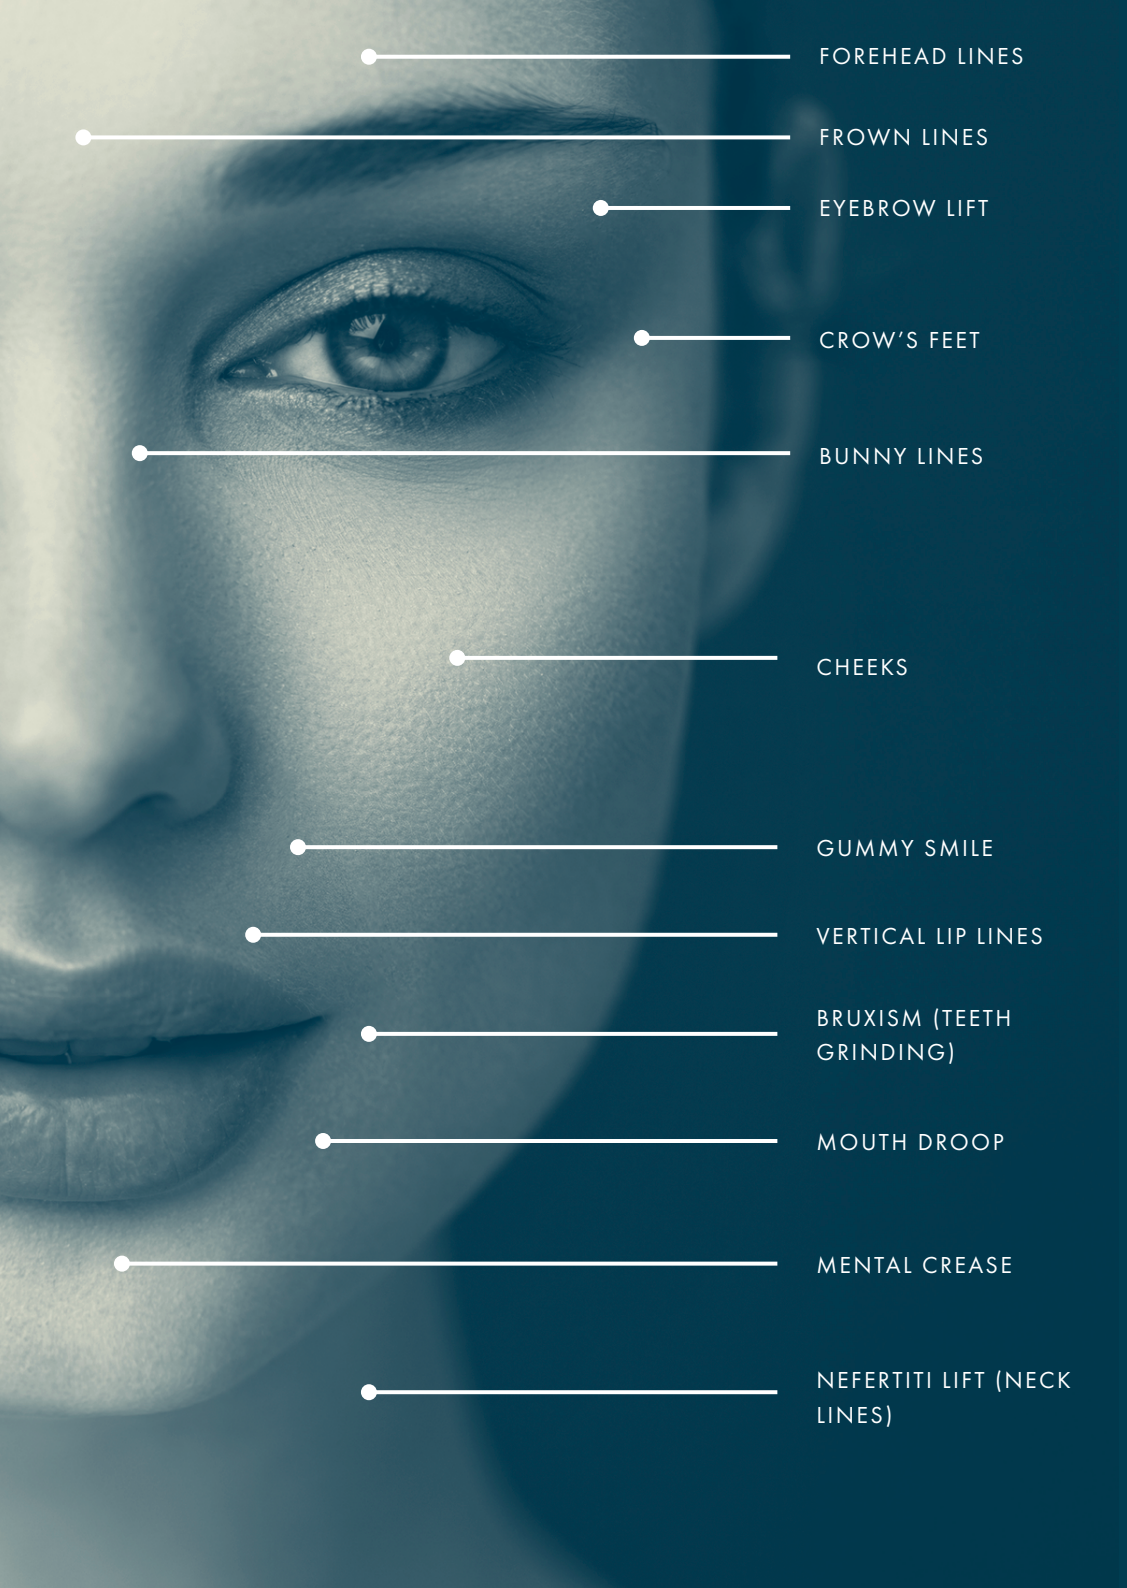
COMPLIMENTARY CONSULTATION

We offer complimentary, no-obligation consultations with our experienced team. We take the time to listen to your concerns and work with you to create a personalised treatment plan. If you wish, treatment can often be performed on the same day.

ANTI-WRINKLE TREATMENTS

Anti-wrinkle treatments smooth facial lines and wrinkles, commonly in the forehead, frown lines, and crow's feet. Advanced techniques can also treat the lower face, neck, excessive sweating (hyperhidrosis), and teeth grinding (bruxism) for a refreshed, youthful look.

Treatment A:	5 per unit
Treatmeant B:	15 per unit



COMMON TREATMENT AREAS

FROWN LINES

Also known as number 11 lines which are the vertical lines between the eyebrows.

Price: 200 to 250

MENTAL CREASE

Horizontal lines on the chin.

Price: 100 to 250*

CROW'S FEET

Lines around the outer corner of the eyes.

Price: 200 to 300

VERTICAL LIP LINES

Commonly referred to as smoker's lines.

Price: On consultation

FOREHEAD LINES

Lines around the outer corner of the eyes.

Price: 100 to 250*

GUMMY SMILE

Showing too much of the upper gum.

Price: From 150 (min charge)

BUNNY LINES

Lines across the bridge of the nose caused by crinkling the sides of the nose.

Price: 90 to 225*

EYEBROW LIFT

To help with eyelid hooding.

Price: From 150 (min charge)

*NOTE: minimum spend for antiwrinkle treatments is 150

ADVANCED TREATMENT AREAS

DROOPED CORNERS OF THE MOUTH

We can also use antiwrinkle treatments to lift the corners of the mouth which can droop as we age.

Price: On consultation

HYPERHYDROSIS (EXCESSIVE SWEATING)

Anti-wrinkle treatments may be used to treat excessive sweating of the underarms, hands, feet, face, and scalp. They work by blocking neurological stimulation of sweat glands and are highly effective, reducing sweating by 90–100%. Re-treatment is usually required every 4–6 months.

Price: On consultation

BRUXISM (TEETH GRINDING)

A highly effective treatment for teeth grinding. It works by blocking nerve impulses to the masseter muscle. Treating this muscle also results in slimming of the lower face. Re-treatment is required every 3–6 months. Longevity of the effect will depend on the dose administered and the number of previous treatments.

Price: From 500

NEFERTITI LIFT

A Nefertiti Lift is the treatment of the platysma muscles in the neck with anti-wrinkle injections to treat sagging jowls and neck bands. This treatment will also reduce the reappearance of sagging jowls with advancing age.

Price: On consultation

VOLUMISING TREATMENTS

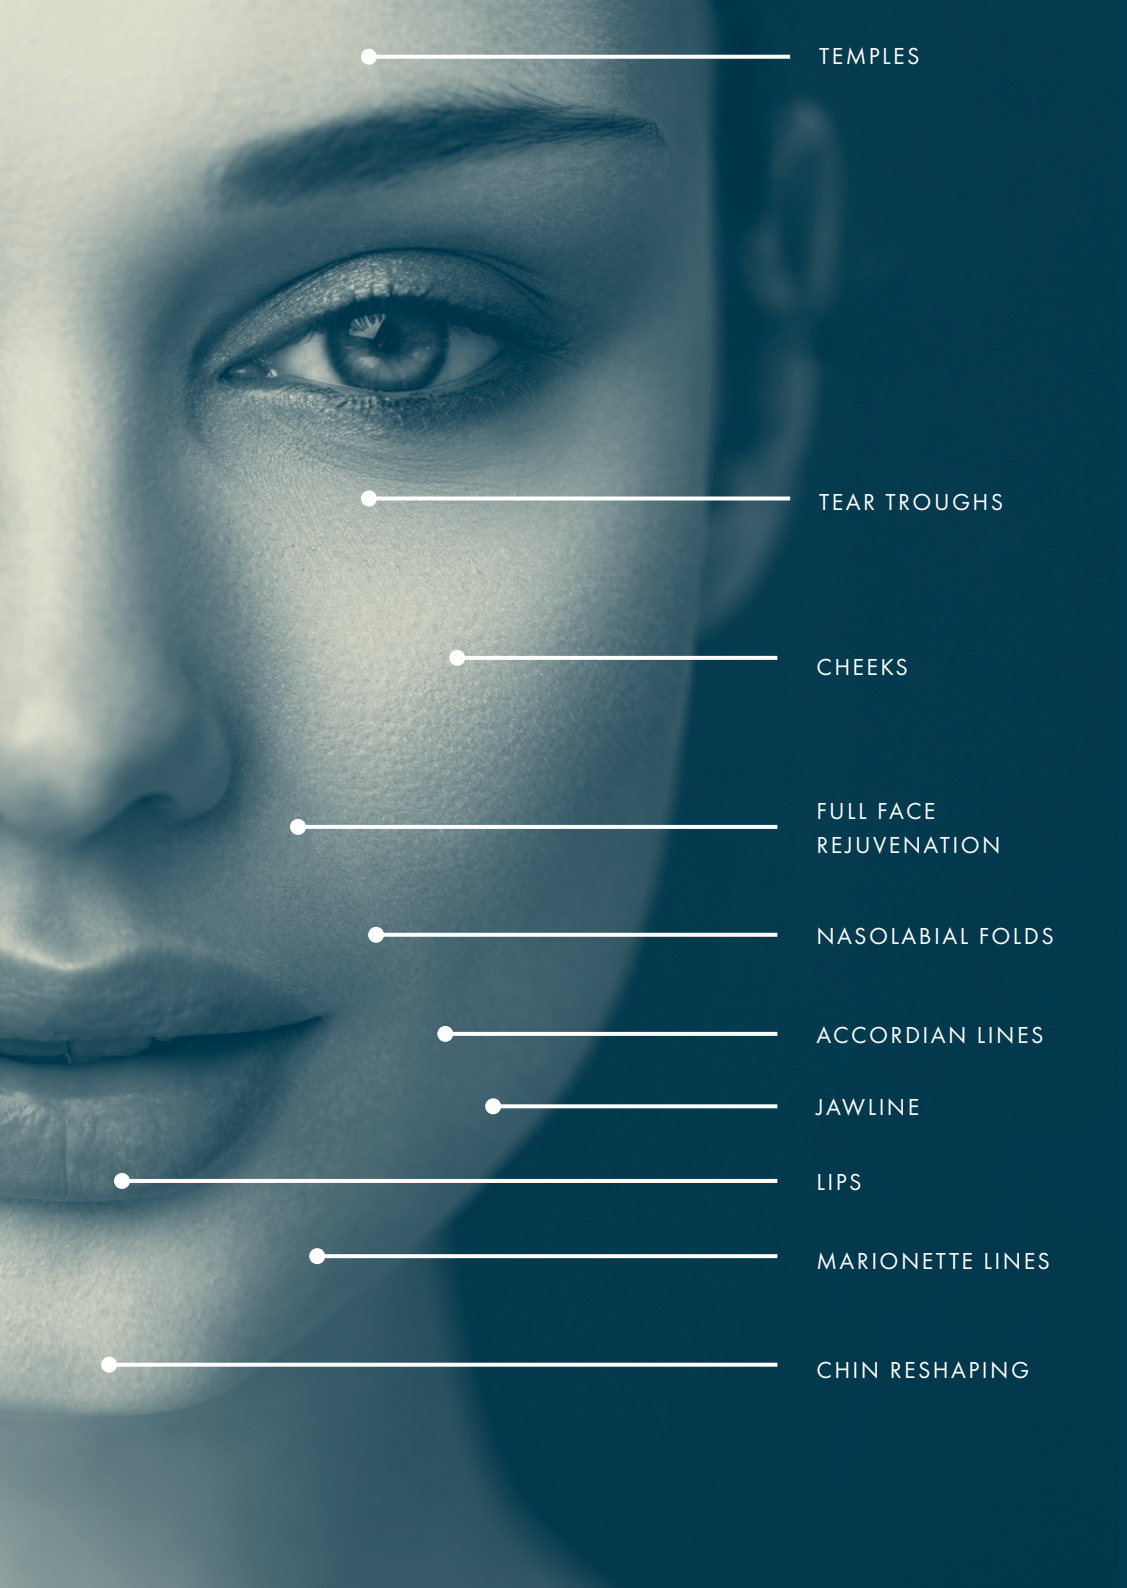
Recommended to soften lines and folds, smooth wrinkles, and restore facial volume for a refreshed, youthful look. Treatments are skilfully performed to achieve natural, balanced rejuvenation using our extensive range of premium products suitable for all facial areas.

Used to Treat:
Enlarged pores, uneven skin texture, skin clarity, mild pigmentation, maintenance treatment following intensive laser skin rejuvenation.

Price: From $650 - $700

Downtime: ●○○○○○○○○○

Discomfort: ●●○○○○○○○○



COMMON TREATMENT AREAS

VOLUMISING TREATMENTS

A combination of these areas can be treated with volumising treatments for more complete facial rejuvenation. For specialist advice and a personalised treatment plan, talk to us about your specific concerns. Quotes are provided during consultation before proceeding with treatment.

CHEEKS

As we age, we naturally lose volume in our cheeks due to fat loss and bone reabsorption. Volumising treatments can restore fullness to the cheeks, recreating the youthful V-shape of the face. Adding volume to the cheeks also lifts the midface, softening nasolabial folds – the lines that run from the nose to the corners of the mouth – for a more rejuvenated appearance.

MARIONETTE LINES

These lines run from the corners of the mouth to the chin and can create a constant sad or tired appearance. Volumising treatments can soften and lift these lines for a more refreshed, youthful look.

TEAR TROUGHS

These are the hollow areas beneath the eyes where volume loss over time can create shadows and the appearance of dark circles. Volumising treatments can restore lost volume, reducing shadowing and refreshing the under-eye area for a less tired, more rejuvenated look.

LIPS

Volumising treatments can restore age-related volume loss in the lips, enhance lip size and definition, and improve overall symmetry for a naturally balanced look.

ADVANCED TREATMENT AREAS

VOLUMISING TREATMENTS

ACCORDIAN LINES

Volumising treatments can soften accordion lines, also known as extended smile lines. These static lines form on the outer sides of the mouth from years of smiling or laughing.

TEMPLES

Age-related hollowing of the temples can be restored with volumising treatments, helping to rebalance facial proportions and create a more youthful appearance.

CHIN

Volumising treatments in the chin can add definition, improve facial balance, and even create a slimming effect for those with smaller chins or rounder faces.

JAWLINE

Volumising treatments can enhance the shape and structure of the jawline. Techniques are tailored for each patient – men often seek a stronger, more defined jawline, while women typically prefer structure with softer, balanced curves.

FULL FACIAL REJUVENATION

Using the latest techniques, volumising treatments are skilfully placed to restore lost volume, lift sagging skin, and create soft, natural contours for complete facial rejuvenation.

MINT (PDO) THREAD LIFT

MINT PDO THREADS

Our thread lift treatment uses long, biodegradable filaments coated with PDO (polydioxanone) to lift and tighten facial tissue. We use 4–16 MINT long threads for a more dramatic, long-lasting lift. Results are visible immediately, with further improvement over 4–12 weeks as collagen production increases. MINT thread lift is moderately invasive and performed by our experienced doctors. Expect results to last 12–18 months. Individual results vary.

Downtime: ●●●●●●●●○○

Discomfort: ●●●●●●●●○○

PRICING	SINGLE
4 THREADS	1600
8 THREADS	2400
12 THREADS	3000

- Consultation with our cosmetic doctor
- Placement of up to 16 MINT PDO long threads
- Additional threads if required (priced at $200–$400 per thread)
- Post-care pack.

05
COLLAGEN STIMULATING TREATMENTS

COLLAGEN STIMULATING TREATMENTS

Innovative TGA approved treatments that over time stimulate collagen and elastin, treating the visible signs of volume loss and improving the skin's elasticity and firmness. Collagen stimulators are one of the leading treatments in regenerative cosmetic medicine. They work by harnessing the body's natural ability to regenerate and repair itself, resulting in a more natural look.

We offer the full range of TGA approved collagen stimulating treatments. Collagen stimulators may be used to treat the face, eyes, neck, hands and décolletage.

Australian law prevents us from mentioning the names of collagen stimulating treatments. For more information, contact the clinic 02 4041 1514 or email info@vampcosmeticclinic.com.au

A course of treatments is recommended for optimum results.

Package pricing is available.

Packages from $630-$990 per treatment (10% discount on single treatment).

Used to Treat:
Crepey, thinning skin, facial volume loss, upper and lower eyelid treatment, dehydrated and wrinkled skin of the face, neck, eyes, decolletage and hands.

Downtime: ●○○○○○○○○○
Discomfort: ●●●●●○○○○○

Treatment Time: 30 - 60 minutes
Price: 750 - 1100

- Loyalty points do not accrue on package purchases but may be redeemed to purchase a package

WE VALUE YOUR LOYALTY

BE REWARDED WITH 5% CREDIT ON EVERY SPEND*

Earn 5% of every spend back as credit with Vamp Cosmetic Clinic's loyalty program.
Use your credit at your next visit on any of our services, skincare products, or gift cards.

How it works:

- Automatic enrolment: You'll be added to the program automatically at checkout.
- Effortless tracking: Credit is accrued, calculated, and stored automatically.
- SMS notifications: You'll receive a text when you earn credit and another before it expires (credit is valid for 6 months).
- Easy redemption: At your next visit, our team will let you know if you have credit to use and apply it to your total.
- Check your balance anytime: Download our App from the App Store or Google Play, activate your account, and view your balance under LoyaltyPoints.
